AMIT International Group

AMIT International Group is synonymous with four decades of heritage, excellence, ambition, integrity and determination. Founded and headquartered in the United Arab Emirates since 1981, AMIT International Group has navigated through intense tides of challenges and growth by its founding father Abdulla Mohammed Ibrahim, a veteran Sea-Captain.

Today, with 40 years of glorious existence and with global footprints across Middle East and Southern Asia, AIG continues to be the region's leading enterprise for modern marine and land technologies. With a humble beginning to cater to the burgeoning demand for modern marine equipment in the region with a strong maritime tradition, AIG has formed many successful milestones along its journey.

To provide solutions to the toughest challenges, AIG does things differently, creatively and vigorously, supported by a highly qualified team of dedicated professionals, that drives on a culture of Innovation and Strategic Decision Making.

AIG's unparalleled experience, revolutionary portfolio of technologies, state-of-the-art product-service ecosystem, and relentless focus on infrastructure & sustainability provide its customers with flexibility and safety, regardless of the market conditions, while reinstating AIG as an unparalleled market player.

AIG Executive Leadership

“

The landscape of marine and outdoor industry is shifting with the technological advancement. Having Sea and Trading in our DNA, we, the people of AMIT International Group, have earned globally renowned brands as partners to import, export and distribute products & services from Marine & Navigation to Water sport, Outdoor recreation, Fitness and Real Estate sectors.

”

- Abdulla Mohammed Ibrahim,
Founder Chairman - AIG

AMIT International Group takes pride and honor being aligned with UAE's aspiration of pioneering modern thoughts and revolutionary transformations. The visionary Group Leadership has undeniably entrenched AIG's DNA with empowering & engaging people, transparency in communications, and dynamic innovations, whilst being rooted to the cultural and moral heritage.
