OUR IDENTITY

AMIT International Group

AMIT International Group is synonymous with four decades of heritage, excellence, ambition, integrity and determination. Founded and headquartered in the United Arab Emirates since 1981, AMIT International Group (AIG) has navigated through intense tides of challenges and growth by its founding father Abdulla Mohammed Ibrahim, a veteran Sea-Captain.

Today, with 40 years of glorious existence and with global footprints across Middle East and Southern Asia, AIG continues to be the region's leading enterprise for modern marine and land technologies. With a humble beginning to cater to the burgeoning demand for modern marine equipment in the region with a strong maritime tradition, AIG has formed many successful milestones along its journey.

To provide solutions to the toughest challenges, AIG does things differently, creatively and vigorously, supported by a highly qualified team of dedicated professionals, that drives on a culture of Innovation and Strategic Decision Making.

AIG's unparalleled experience, revolutionary portfolio of technologies, state-of-the-art product- service ecosystem, and relentless focus on infrastructure & sustainability provide its customers with flexibility and safety, regardless of the market conditions, while reinstating AIG as an unparalleled market player.

AIG EXECUTIVE LEADERSHIP

AMIT International Group takes pride and honor being aligned with UAE's aspiration of pioneering modern thoughts and revolutionary transformations. The visionary Group Leadership has undeniably entrenched AIG's DNA with empowering & engaging people, transparency in communications, and dynamic innovations, whilst being rooted to the cultural and moral heritage.

The landscape of marine and outdoor industry is shifting with the technological advancement. Having Sea and Trading in our DNA, we, the people of AMIT International Group, have earned globally renowned brands as partners to import, export and distribute products & services from Marine & Navigation to Water sport, Outdoor recreation, Fitness and Real Estate sectors.

Our Mission, Vision & Corporate Values

AMIT International Group strives for excellence through its customer and constituent centric approach. The company's nucleus is engineered around the strategic growth of the business and its people. Through Vision, Motivation and Ideation, AIG prides itself of a culture where 'techno-logistic' infrastructure and customer experience work symbiotically, in tandem with sustainability and innovation.

Mission

We are committed to bringing superior products and quality services that will inspire and enrich our customers' lives and contribute to a sustainable future.

Vision

To make meaningful contributions to people's lives, through offering products and services that are reflective of our culture of quality, customer care and aspirations for a sustainable future.

Corporate Values

Agility

Change is the only constant. It is our ability to quickly adapt and use agile practices to continually deliver innovative, high-quality products and services in order to stay ahead of the curve.

Innovation

Innovation has always been a driving force of our organization. We believe in pursuing unique ideas, followed by research and initiating a proactive action, leading to a new milestone.

Integrity

Adherence to moral and ethical principles, transparency & fairness in what we believe, communicate and act, and making impactful & sound decisions are our top priorities.

Excellence

Our belief in Excellence reflects our unyielding passion and unfaltering commitment to strive for the best solution, while looking for opportunities to learn and evolve, and setting highest qualitative measures.

Diversity

As a team, we continue to build an inclusive atmosphere that encourages, supports, and celebrates the uniqueness and beauty of diverse idea and culture.

Our Brands

A fearless ambition has made AMIT International Group prominent in different areas of marine and land technology. AIG's strong and ever-growing distribution network is spread across the UAE, Saudi Arabia, India and Bangladesh with business specialties in every region. Over the years, AIG has continued to grow and develop keeping expertise and excellence at its core, resulting the partner brands in achieving success and earn glorious business weighted milestones.

AIG's brands, pillar a wide array of revolutionary product lines and services in the Marine, Navigation, Aviation, Land and Water sports, Outdoor Adventures, Fitness and Real Estate sectors across various regions;

AMIT
INTERNATIONAL
(SG) PTE. LTD.

AMIT Engineering commenced its journey in 2022 and is fully operational in UAE at DMC, W133- Dubai. Being a business division of AMIT International Group that has been in this industry for four decades and continues to prevail in its heritage, excellence, ambition, integrity, and determination.

AMIT Engineering provides quality-driven service to suit the ever-growing needs of this dynamic market keeping customers at the core.

The main four segments are:

- **Marine Propulsion Diesel Engines**
- **Marine Diesel Engine Power Generators**
- **Marine Gearboxes**
- **On-site Diesel Engines Power Generators**

The business efficiently executes operation analysis, investigation, consultation, and diagnosis to obviate operational issues and make operations more efficient with a highly professional team that possess the best technical knowledge.

AMIT Engineering provides a high standard of service support, our Service teams are skilled in the profession, and qualified engineers; the team is trained in various series of Diesel engines, Generators, and Gearboxes with standard warranty.

Reliable support to your engines is our concern. A specialized high density service network guarantees smooth supply in all urban areas. Also, our middle east availability gives you the security of also being supplied with service and spare parts quickly. AMIT Engineering is always a reliable partner for you.

We're on a mission to help businesses like yours enjoy the peace of mind that comes when you know backup power will deliver if needed. That's why we provide an expert engine maintenance service to ensure that our clients get what they need to keep their organizations going.

AMIT Engineering's expanded infrastructure and networking support our service locally and internationally, where prompt advice and site assistance are provided to private yachts, commercial vessels, and industrial power plants related to diesel engines usages for all operational needs.

We Have A Fully Equipped Workshop With Modern And Luxury Amenities.

Overhead Crane

AMIT Engineering has overhead cranes with two different load capacities, 5-ton and 20-ton. Our overhead cranes come in two different load capacities to accommodate various lifting requirements. Whether it's handling heavy machinery or transporting goods within our facility, our 5-ton and 20-ton overhead cranes deliver exceptional performance and precision. That's why our overhead cranes feature the latest Konecrane lifting equipment equipped with wireless remote-control capabilities. This advanced technology does not only streamlines lifting operations but also ensures optimal safety standards.

Premium-grade special tools

At AMIT Engineering, we understand the importance of precision and efficiency in every repair task. We offer a comprehensive range of premium-grade special tools designed to streamline even the most challenging repair operations. With advanced tools from recognized brands like Facom, Stahlwille, and Hazet. As well the special tools from the manufacturers related to the job requirement/series of engines. We empower our clients to tackle repair tasks with confidence, ease, superior craftsmanship, precision, and enhancing efficiency. Our tools ensure the achievement of the best performance level as well as durability and reliability. Our tools and equipment are duly calibrated and certified by a guiding authority.

Ultrasonic cleaning service

AMIT Engineering is proud to hold the latest Ultratechno ACM-2000N (2000 Liters capacity) in this region which is solely available in our facility. This system is specially designed to tackle the most stubbornly adhered contaminants with ease and efficiency.

The Ultratechno ACM-2000N stands at the forefront of contaminant removal technology, revolutionizing the way intricate items are cleaned. It is equipped with sophisticated sensors and precision controls, ensuring that contaminants are removed with utmost accuracy, even from the most intricate and hard-to-reach areas.

Front loader parts washer

AMIT Engineering exclusively owns Top quality Front loader MAGIDO L240E (X53). With a remarkable load weight capacity of 1500 kg, this machine effortlessly handles heavy loads with ease and precision, making it ideal for a wide range of material handling tasks. This top loader parts washer is hot wash degreasing machine for heavy duty components using no hazardous detergents in a single stage wash cycle.

This innovative equipment employs a single-stage wash cycle and utilizes non-hazardous detergents, setting a new standard for efficiency, safety, and environmental sustainability in parts washing applications. Designed for minimal downtime and maximum uptime, it incorporates easy-to-access maintenance points and serviceable components, simplifying routine maintenance tasks and reducing overall maintenance costs.

Extensive spare parts

At AMIT Engineering, we prioritize quality and reliability in every spare part and component we stock. We partner with trusted suppliers and manufacturers to source of ZF and MTU genuine parts that meet industry standards for performance, durability, and compatibility with a wide range of machinery and equipment.

Our facility comprises a vast area to stock all critical inventory parts and materials necessary to maintain and keep a manufacturing line up and operational. Our storage facility is designed for efficient material handling and organization, with designated areas for different types of parts and materials. This streamlined approach allows our team to locate and retrieve items quickly, reducing lead times and optimizing operational efficiency.

Training facility

Our modern state-of-the-art training facility, where we offer a diverse range of programs designed to enhance our employees' technical and professional development. Our facility boasts modern amenities and cutting-edge technology to provide an immersive learning experience. We provide a dynamic environment where employees can explore, experiment, and grow their expertise.

From interactive to hands-on workshops, our well-educated learning and development team offer comprehensive training modules that cover a wide spectrum of topics tailored to the specific needs and interests of our employees.

Mobile workshop

AMIT Engineering provides unparalleled support through our state-of-the-art workshop and dedicated mobile unit.

Our one-of-a-kind workshop and offices redefine functionality, aesthetics, and technological innovation, inspiring creativity and fostering productivity for modern businesses.

Meanwhile, our mobile workshop, equipped for 24/7 assistance, is on standby to address emergencies, perform routine maintenance, or troubleshoot issues on-site. With a focus on minimizing downtime and ensuring productivity, our team prioritizes swift response times and comprehensive maintenance solutions, delivered directly to your location.

Services provided at **AMIT Engineering**

- Modern testing and measuring methods
- Ultrasonic cleaning method
- Top loader parts washer
- Re-engineering and Machining Solutions
- Support Service
- Engine Health Checks and
- Routine Maintenance
- Refurbished and Overhaul Solutions
- Digital Solutions
- Value Care Agreements
- Genuine spare parts

Grotamar 82

Protect your diesel from microbial contamination!

AMIT Engineering is the key supplier of Grotamar 82, a product for the marine industry, from Vink Chemicals. With a strong presence in the chemical industry, Vink Chemicals is known for its innovative solutions and a wide range of chemical products for the marine & auto industry. Vink Chemical's innovative biocide -Grotamar 82 will be available at AMIT Engineering facility.

This liquid biocide with a broad, balanced spectrum of efficacy against typical diesel microorganisms, rapidly kills and controls all microbial contamination and without altering the properties of the fuel. Grotamar 82 prevents fuel degradation by microorganisms and associated corrosion and sludge formation, thereby keeping the boats in the best shape.

Dosage table

Preventive dosage

Add 1/4 bottle (250 ml) per 1000 L (1:4000) fuel per refill

Shock dosing

Follow application instructions: 1 bottle of Grotamar 82 (1 l) per 1000 L fuel

Benefits

- ✘ High efficacy against bacteria, yeasts, and mould
- ✘ Improved anti-corrosive and antioxidant properties
- ✘ Effective in extreme temperatures and weather conditions
- ✘ Less visible deposition
- ✘ Prevents the need of frequent filter change
- ✘ Limits risks related to corrosion of engine parts, injector blockage and system failure
- ✘ Excellent long-term protection against decomposition of fuel in tanks, pipes and engines by microorganism
- ✘ Fully soluble in biodiesel, diesel fuel and fuel oil with biogenic components
- ✘ Improves storage stability of B5** - B20** diesel blends

Grotamar 82 is approved for use by :

SERVICE
POINT

Authorized after sales & service point
